Attention:

Fake purchase order from someone who impersonates Taoka Chemical member

There was an incident that someone who impersonates Taoka Chemical member issued a fake purchase order (PO) using our company name to the other company.

However, we could spot the fake order because we received an inquiry from the company which received the fake PO from someone who pretended Taoka Chemical member.

The person who issued the bogus PO used the name of our actual company member and counterfeited our company seal. Also, the sender used an E-mail domain “@taoka-chemi.com” which is misleading to our authentic E-mail domain “@taoka-chem.co.jp”.

The domain “@taoka-chemi.com” is not related to us “Taoka Chemical” at all. If you receive a suspicious PO using the name “Taoka chemical”, please contact us.
